
Lake Bottom Legend

This map is intended primarily for general purpose use and to show the configuration of the lake. It is not intended to be a complete representation of all marinas, public use areas, or natural or man-made obstacles. Navigational aids are show in approximate locations for reference only. Depths and/or contour lines (when shown) are based on pre-impoundment survey data and are noted at normal pool elevation, but are subject to change when the lake level fluctuates. Any information shown relating to access areas (public, private, or marina) should be use only as a guide to possible services provided, and is neither and advertisement for, nor an endorsement of, the establishment or park. *Kingfisher Maps, Inc. expressly disclaims all liability for damages resulting from total reliance on this map or the representations hereon.*

Interpretation of a lake bottom from a contour map is based on the spread of the contour interval lines. The closer together these lines are, the faster the slope. At the extremes, lines directly on top of each other indicate a straight drop or bluff, while the absence of lines (or lines that are widely spread) indicate a relatively flat area. The contour interval may vary from 2.5 feet to as much as 80 feet depending on the prevailing geographical conditions and the practicality of interpretation. The contour lines may be marked as the number of feet above sea level, or as the actual depths when the lake is at maximum power pool. When actual depth designations are used, true depth must be adjusted by the current variation of the lake level from the maximum power pool elevation.

Lighthouse Index

Number	Name (Location)	Light Color: White	Light Color: Yellow	Light Color: Blue	Visible Range (Miles): 4	7	4	3	Flash Freq.: 2 per sec.	1 per sec.	1 per 2 sec.
2	Tripple "S" Point	■		■					■		
3	Grand Point			■					■		
4	Welch Point		■			■			■		
6	Double "J" Point	■			■				■		
7	Check-In Bay	■					■			■	
8	Drowning Creek	■					■			■

12	Two Tree Island		■				■				■
13	Woodland Shores	■					■			■	
14	Sweetwater Bay		■			■			■		
15	Gran Tara	■			■				■		
17	White Chapel	■			■				■		
18	Patricia Island		■				■				■
21	Shangri-La			■		■			■		
23	Grove	■			■				■		
25	Tera Miranda			■					■		

- Red, odd numbers on left (northwest shore) when traveling upstream
- Green, even numbers on right (southeast shore) when traveling upstream
- Some numbers omitted to provide for future sites
- Visible ranges indicated are for clear conditions
- Flash frequency of one per two seconds is found on solar powered units

Kingfisher constantly updates its lake maps. Please send notice of changes or corrections to us at the address shown on the title block. We will incorporate the new information into future editions of this map.
