

**Lake Information**

Castaic Lake was designed and built by the State Department of Water Resources, and is the terminal reservoir on the west branch of California's State Water Project.

Castaic Lake offers something for everyone, including three boat ramps and 22 lines. Water sports range from sailing and water skiing to power-boating and fishing. Swimming is prohibited in the main lake.

Castaic Lagoon features sandy beaches, grassy picnic areas, a two-lane boat ramp, and other facilities. Swimming is allowed in the lagoon; however, boating is limited to non-power boats. Visitors may sail, canoe, swim, or fish.

For the fishermen, Castaic Lake is stocked with bluegill, bass, trout, crappie, and catfish.

Additional information about the lake may be obtained by calling the Los Angeles County Parks at (805) 257-4950.
