**GAS MARKET**

**BLAIRVILLE**

## FISH ATTRACTOR PROGRAM

Natural vegetation is almost totally lacking in Nottely Lake, so fish attractors have been added in 53 locations, which are shown on this map. By fishing in areas near fish attractors you increase your catch rate and your fishing satisfaction.

All streams, lakes, and ponds of Georgia are open throughout the year to fishing, except the designated trout waters of North Georgia, and some public fishing areas operated by the Game and Fish Division. The Savannah River downstream of Clark Hill Reservoir is closed to striped bass fishing. See Georgia Fishing and Trout Regulations, available from your licensing agent, for complete regulations and limits.

**SYMBOLS**

- MAJOR HIGHWAY IDENTIFICATION
- GAS DOCK
- FISH ATTRACTORS
- DAYMARKER WITH NUMBER

**SHORELINE**

- 0 TO 19'
- 19' TO 59'
- OVER 59' AND CHANNEL

ALL ELEVATIONS ARE BASED ON MEAN SEA LEVEL

This map is intended primarily for general purpose use and to show the topography of the lake. It is not intended to be a complete representation of all man-made, public use areas or natural and man-made obstacles. Navigational aids are shown in appropriate locations for reference only. Depth and/or contour lines (when shown) are based on pre-impoundment survey data and are noted at normal pool elevation, but are subject to change when the lake level fluctuates. Any information shown relating to adverse areas (public, private, or marina) should be used as a guide only to possible services provided, and is neither an advertisement for, or endorsement of, the establishment or park. Kingfisher Maps, Inc. expressly disclaims all liability for damages resulting from total reliance on this map or the representations herein.
