The Kingfisher logo features a circular emblem with a fish silhouette and the word "KINGFISHER" above it.

NAD Ingressive, Inc.

The logo consists of a stylized blue square composed of smaller squares, resembling a compass rose or a map grid.

DISTANCES

The Waterway is indicated by a red line. Mileage distances along the Waterway are in Statute Miles, calculated from Norfolk, Virginia. Tables for converting Statute Miles to International Nautical Miles are given in U.S. Coast Pilot 14.

INTRACOASTAL WATERWAY

Port of Origin:

12 feet Norfolk, VA, to Fort Pierce, FL, to Fort Pierce, FL, to Miami, FL, to Fort Myers, FL, to Cross Bank, Florida Bay, to Coconut Grove, Florida Bay, to Miami.

INTRACOASTAL WATERWAY AIS

Port of Destination:

Proceeding from Norfolk, VA, to Key West, FL.

Aids with red reflections are on the starboard side; green reflections are on the port side.

Where the Intracoastal Waterway coincides with another waterway, the aids will have distinctive yellow triangles on the starboard side and yellow squares on the port side.

The diagram is a nautical chart titled "NAUTICAL CHART DIAGRAM". It shows the coastline of Florida from West Palm Beach in the north to Miami in the south. A yellow-shaded area represents the Intracoastal Waterway, running parallel to the coast. Key locations labeled include Lake Okechobee, Jupiter Inlet, West Palm Beach, Delray Beach, Pompano Beach, Ft. Lauderdale, Hollywood, and Miami. The Atlantic Ocean is to the east. Latitude and longitude coordinates are marked along the edges. A small inset map shows the location of the waterway relative to the rest of Florida. The text "FLORIDA" is printed across the state. "SIDE A" and "SIDE B" labels are present near the waterway. The "ATLANTIC OCEAN" label is at the bottom right.
