Topographic Map for Fishing, Boating, and Recreation

OUR PROMISE TO YOU
This map is now published by Kingfisher Maps, Inc. We have updated the map to reflect the latest available data. The overall quality of this map is excellent. Some changes are already incorporated, such as the use of the new waterproof material. We have also updated the map to reflect the latest available data. We are proud to be a part of the Kingfisher Maps family. We promise you the best. You may check your local map stores, or call us at 800-852-5840. Thank you!

LAKE BOTTOM LEGEND

Interpretation of a lake bottom from a contour map is based on the spread of the contour interval lines. The closer together these lines are the faster the slope. At the extremes, lines directly on top of each other indicate a straight drop or bluff, while the absence of lines, for lines that are widely spread) indicate a relatively flat area. The contour intervals may vary from 25 feet to as much as 80 feet depending on the prevailing geographical conditions and the practicality of interpretation. The contour lines may be marked as the number of feet above sealevel, or as the actual depths when the lake is at maximum power pool. When actual depth designations are used, the true depth must be adjusted by the current variation of the lake level from the maximum power pool elevation.

This map is intended primarily for general purpose use and to show the configuration of the lake. It is not intended to be a complete representation of all marine, public use areas, or natural and man-made obstacles. Navigational aids are shown in approximate locations for reference only. Depths and/or contour lines (when shown) are based on pre-employment survey data and are noted at normal pool elevation, but are subject to change when the lake level fluctuates. Any information shown relating to access areas (public, private, or marital) should be used as a guide only to possible services provided, and is neither an advertisement for, or endorsement of, the establishment or park. Kingfisher Maps, Inc. expressly disclaims all liability for damages resulting from total reliance on this map or the representations hereon.

QUICK, DELICIOUS PAN-FRIED FISH

- 2 T. cooking oil
- 2 T. butter or margarine
- Heat in skillet just until bubbly.
- C. self-rising white corn meal
- 1 t. salt
- 1 t. pepper

Optional Lemon-Butter Sauce

- 1 C. butter or margarine
 - Juice of one lemon
 - Sprinkle of salt
 - 1 T. minced parsley
- Combine all ingredients, then pour over hot fish. Serve immediately.

Livingston

Elevation: 131 Ft. ASL

Scale: 1 inch = 0.25 mile

EASY BAKED FISH FILLETS

Heat oven to 350°. Sprinkle both sides of fillet with salt and pepper, then set aside until later.

- 1 C. Melted butter, margarine, or oil
- 1 T. Lemon juice
- 1 t. Minced onion

Combine the above three ingredients. Dip each fillet into the mixture and place on baking dish. Drizzle remaining butter mixture over fillets.

Bake 25 to 30 minutes, or until fish flakes easily with a fork. Do not overcook. Sprinkle fillets lightly with paprika, then serve with tartar sauce, lemon, or hot sauce. A nice hot sauce can be made by combining chili sauce, a small drop of tabasco, and lemon juice, and then heating the mixture. Enjoy!
