

To ensure that this chart was printed at the proper scale, the line below should measure six inches (153 millimeters).

NOTE X

Within the 12-nautical mile Territorial Sea, established by Presidential Proclamation, some Federal laws apply. The Three Nautical Mile Line, previously established as the outer limit of the Territorial Sea, is retained as it continues to depict the jurisdictional limit of the outer lows. The 12-nautical mile Natural Resource Boundary off the Gulf coast of Florida, Texas, and Puerto Rico, and the Three Nautical Mile line elsewhere remain in most cases the inner limit of Federal fisheries jurisdiction and the outer limit of the jurisdiction of the states. The 24-nautical mile Contiguous Zone and the 200-nautical mile Exclusive Economic Zone were established by Presidential Proclamation. Unless fixed by treaty of the U.S., Supreme Court, these maritime limits are subject to modification.
